

PUBLIC BLANK RESOURCE

Event Reflection

Intended user: Students completing a Cottage, pop-up, capstone, or course event

Purpose	Evaluate individual learning, team performance, client-centered work, quality, safety, feedback, and the next improvement.
When to use	Complete after event closeout and before details fade. Answer from your own role, even when the event was a team effort.

Student name	Event/date
---------------------	-------------------

Individual role	Team or station
------------------------	------------------------

Intended outcome <i>What was the event supposed to accomplish for the client or audience and for student learning?</i>

Actual outcome <i>What happened? Include completed work, changes from the plan, and any evidence of the result.</i>
--

My individual contribution

What did you personally prepare, communicate, monitor, serve, solve, or close out?

Team performance

How well did the team coordinate roles, timing, communication, and support? Give one specific example.

Quality and timing

How did the finished product or service compare with the expected standard and deadline?

Client or audience expectations

What did the client or audience need? How did the team confirm and respond to those expectations?

Safety and sanitation

What safety, sanitation, allergen, temperature, or equipment controls mattered most?

Problem-solving

Describe one problem, the response, who had authority to decide, and what you learned.

Feedback

What feedback did you receive from the teacher, team, or client? What will you do with it?

Lesson learned and next improvement

Name the most important lesson and one concrete change for the next event.

Teacher review

Evidence of learning observed	Required follow-up or practice

Teacher initials/date	Course/Gateway evidence decision, if applicable
