Intended user: Students, Culinary Arts teachers, counselors, and a future WBL coordinator

Logistics and governing conditions

- ☐ Possible schedule has been reviewed against academic, family, activity, and employment responsibilities.
- ☐ Transportation remains unresolved until an approved student-specific plan is documented.
- ☐ Accessibility, accommodation, language, medical, and other support needs would use approved school processes.
- ☐ Working papers, permitted hours, duties, equipment, wage status, and other legal conditions would be verified from current official sources.
- ☐ A training station, mentor, duties, supervision plan, agreement, and records workflow would all require approval before launch.

Specific support or additional evidence needed

Identify the gap, responsible support person, target date, and evidence that would show the gap is addressed.

Review recommendation - not a placement decision

- ☐ Continue preparation; substantial gaps remain
- ☐ Re-review after identified evidence or supports are completed
- ☐ Educational readiness evidence appears complete; logistics and authorization review still required

No guarantee

A readiness review is one input to a future decision. It does not create a course seat, training station, schedule, transportation plan, or placement.
